## COLOR PROTECT

## CONDITIONER

Hair conditioner specially indicated for dyed and/or highlighted hair. Contributes to the protection of hair colour for longer. Its formula helps to provide softness and nourish the hair.

### VISIBLE BENEFITS AND RESULTS

- Helps to increase hydration and nutrition.
- Contributes to the repair of split ends.
- Protects hair colour.
- Provides shine and silkiness.
- Strengthens the hair fibre.

### ACTIVE INGREDIENTS AND COMPONENTS

#### PROVITAMIN B5 AND GLYCERIN

These two substances derived from natural ingredients help provide deep hydration to the hair.

#### LOTUS FLOWER EXTRACT

Plant of Asian origin that has numerous nutrients and minerals. It helps to regenerate the hair fibre by closing its cuticles and leaving a healthier and smoother appearance. With moisturising qualities that help to increase shine and minimize frizz.

### APPLICATION

After washing the hair and with the hair damp, apply the conditioner to the mid-lengths and ends. Leave to act for 3 minutes. Once the exposure time has elapsed, rinse with plenty of water.
